

Specifications **SC⁴³**

General			Calculated Ratios	
LOA	43.00 ft	13.11 m	SA/D	27.21
LWL	37.04 ft	11.29 m	D/L	135.29
Beam	12.38 ft	3.77 m	Bal/D	0.48
Draft	9.08 ft Std.	2.77 m		
Displacement	15,400.00 lbs.	6985.32 kg	Stability	
Ballast	7390.00 lbs.	3352.05 kg	Positive Stability Limit	132.00°
Rig				
Sail Area			Propulsion	
I	58.13 ft	17.72 m	Engine	Yanmar 3JH4, 39 Hp
J	15.95 ft	4.86 m	Drive	SD50
P	56.56 ft	17.24 m	Diesel Capacity	40 Gal. 151.42L
E	20.83 ft	6.35 m	Water Capacity	26.5 Gal. 302.83 L

Santa Cruz **SC⁴³**

Fast Is Fun! And it's the way the SC 43 uses that speed. Fast is stable-with more sail power transferred to accelerating forward instead of healing. Fast is more comfortable-helping the boat move through the water with a smoother motion. Fast is safer-getting back to the marina or into the anchorage more quickly if the weather turns. Fast is more distance in less time! Get to that favorite anchorage before the crowd. Fast is easy-with small jibs and asymmetrical spinnakers, a large cockpit and uncluttered deck. Whether you're going round the buoys with friends, distance racing to Hawaii or Bermuda, or just to that special anchorage with the family-Fast is Fun again with the Santa Cruz 43.
